**Subject:** Next Scheduled Update

Hi folks,

Since it has been a while, just wanted to remind you that your next scheduled update (schedules and the issue log) is next Monday, the 23rd. Please have your hard copy updates to me by close of business, as well as, your revisions to the attached issue log (as usual, see my comments in the left column and make your changes in red).

I am off tomorrow, Friday, so have a good weekend and see everyone Monday.

Dave
